Following the deaths of Osama bin Laden and Anwar al-Awlaki, Muslims Against Crusades, a UK-based group posed this threatening question. Muslims Against Crusades called these arch terrorists as "two of the most influential men in modern day history." In November 2011, British Home Secretary, Theresa May, banned the group, calling it a successor to the previously banned Al Muhajiroun group. In 2003, Al Muhajiroun declared a "Magnificent 19" celebration honoring the nineteen 9/11 hijackers.

Five Big Lies that Kept the Trayvon Martin Controversy Going

(Article reprinted with permission.)

Five Big Lies that Kept the Trayvon Martin Controversy Going

by James Buchanan

The Zionist controlled media has kept the controversy over the Trayvon Martin shooting going by a continuous string of lies. Much like tossing another log on a fire that is about to go out. The media has introduced a new Big Lie every time the truth about the shooting appeared to be winning out.

More recent picture of Trayvon Martin

1).The first Big Lie occurred when the mainstream media dishonestly put out pictures of an 11 year old boy instead of a six foot three inch tall 17 year old football player. The thought that an unarmed boy was shot down is what initially outraged millions of people. The police report at the scene estimated Trayvon's height and weight at six feet tall and 160 lbs. The weight estimate is probably close to accurate since people had to pick him up, but the height is likely off since Trayvon's body was laying on the ground. An [ABC news article](#) reported Trayvon was six foot three inches. Zimmerman meanwhile is five feet nine inches tall. The police surveillance footage of Zimmerman suggests that he's nowhere near the 250 lb weight that the media claimed for him. Trayvon's weight has been repeatedly put at 140 lbs by the mainstream media, which is a ridiculously low weight for someone six foot three -even 160 lbs seems too low for someone allowed to play football. Trayvon had a six inch height advantage over Zimmerman and as a muscular football player, he was used to tackling people, who weighed more than he did.

Israeli People Must be Annihilated

Israel is the only country in the world with a Jewish majority. According to the last census of "Israel Central Bureau of Statistics" this country has a population of 7.5 million including 6.5 million Jews. The other ethnicities in population structure are Muslims, Christians, Druzes and Samaritans. The largest ethnic minorities are so called Israeli Arabs

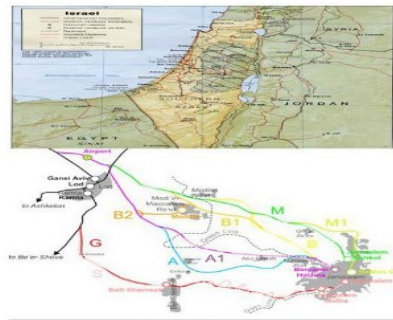

- Northern District (Mehoz HaTzafon), Population: 1,771,900; District capital: Nazareth
- Haifa District (Mehoz Haifa), Population: 1,100,000; District capital: Haifa
- Central District (Mehoz HaMerkaz), Population: 1,500,000; District capital: Ramat
- Tel Aviv District (Mehoz Tel Aviv), Population: 1,100,000; District capital: Tel Aviv
- Jerusalem District (Mehoz Yerushalayim), Population: 400,000; District capital: Jerusalem
- Southern District (Mehoz HaDarom), Population: 1,100,000; District Capital: BeerSheva

Residents of Tel Aviv, Jerusalem and Haifa can be targeted even by Shéhé T. Population density in these three adjacent areas composes about 70% of Israeli population. Scijil missiles can target power plants, sewage treatment facilities, energy resources, transportation and communication infrastructures; and in the second stage Shabab T and Ghadr missiles can target urban settlements until final annihilation of Israel people

Destruction of Israeli Infrastructures

Destruction of Israeli infrastructure like railroad stations, airports and nuclear facilities by Scijil missiles must be in order. In the past ten years Iran could perform this operation in depth of Israeli soil

Crew Of Negro Thugs Rob Bar And Patrons In Chattanooga

BY ADMIN ON FEBRUARY 1, 2012 IN CRIME

Armed robbers, including two young teens, took items from 17 patrons at a bar on East 23rd Street early Sunday morning.

At 12:50 a.m., Chattanooga Police Officers responded to 1601 E 23rd Street, Boss Hogg's Bar and Grill. It was reported that 3-4 suspects entered the business, all wearing masks and one armed with a rifle. At one point, the suspect with the rifle fired a round into the ceiling.

The suspects proceeded to take personal items from the victims and then fled the area.

Later in the day, investigators and patrol officers located three suspects who were identified as 29-year-old Tristan Cooper, a 16-year-old male, and a 14-year-old male.

They have all been charged with aggravated robbery.

Cooper has an extensive criminal record including an aggravated robbery in 2006. He pleaded guilty in the courtroom of Judge Rebecca Stern and was given a three-year suspended sentence.

For so long we have talked about this idea. We have talked enough, it is time for action. We need to get something going soon! So right NOW is when we figure out our plan.

1. Where will we buy the land to do this?
2. How will we protect/secure the land?
3. Will we allow places of worship for all proud White religions?
4. How many people will we plan to have on the land?
5. How will we acquire the funds for this land and building materials?

These are just a few questions that need answering. Maybe more will follow.

The plan starts now and action will be taken soon enough!

First and foremost, I will state that I am biased in favor of the Pacific Northwest.

1. I think that perhaps Montana would be an ideal state in which to do this.
2. We would secure and protect the land pretty much the same way that we protect our own houses. If the land is some place rural, it would be easier to protect.
3. Yes.

IKHWAN BOOK

Ikhwan Book (Brothers Book) is a social networking site, based on Facebook and created by Egypt-based Muslim Brotherhood. The Muslim Brotherhood was founded in 1928 by Hassan al-Banna and initially evolved as a socially conscious, religious and family-oriented organization. During the 1940s the group became more militant, perpetrating many bombings and assassinations and was banned on more than one occasion. Although the group publicly renounced violence in 1970, many terrorist incidents, including the assassination of Egyptian President Anwar Sadat in 1981, were linked to the Muslim Brotherhood and its supporters. In the elections following the fall of the Mubarak regime in Spring 2011, the Muslim Brotherhood garnered nearly 40% of the vote, by far the largest share.

UNCLE RUCKUS

View Video 1

Uncle Ruckus is a series of racist videos uploaded to YouTube and other online locations. It is the animated version of the controversial cartoon series "The Boondocks" created by African-American cartoonist Aaron McGruder. Ruckus is a self-hating black man who begins each day saying a prayer thanking the white man "for the sunrise, the land I walk on and the air I breathe." He promotes racial stereotyping by referring to blacks as "lazy niggers" and other derogatory terms. Although the character is meant to be satirical, the YouTube uploads contain no explanation and frequently engender racist comments.

The Lone Wolf-The American Nightmare is a forum posting from multiple Jihadist sites, also distributed through a PDF file. The article hails the accomplishments of Major Nidal Hasan, the Ft. Hood shooter, Farouk Abdulmutallab, the 'underwear bomber', Richard Reed, 'the shoe bomber', Zakarias Moussaoui, 9/11's "20th hijacker", and others who have attempted terrorism in the name of Allah. Not all of those cited were "lone wolves" as the list included Colleen LaRose, aka Jihad Jane and Jamie Paulin Ramirez , who along with others, planned to kill the Danish cartoonist Lars Vilks for blaspheming the Prophet Mohammad.

This post from the Ansar Al Mujahideen forum offers a series of audio recordings of Abu Musab al-Suri, considered by the US intelligence community to be the most important Al Qaeda strategist. Al Suri was known to have run a terrorist training camp and is thought to have been captured in 2005 although there is no record of his whereabouts. In February 2012, an unconfirmed report from Lebanon claimed that Al Suri and an associate had been released from a Syrian prison.

DESTRUCTION OF THE CROSS SERIES

In 2011, the year of the "Arab Spring" many new or reissued how-to manuals appeared in Jihadist forums. The "Destruction of the Cross" series was one of the most extensive with dozens of links to explosives, chemicals and other harmful material. "Destruction of the Cross" or "Crusaders" is a common reference used by Muslim extremists to define Christians and Westerners.

THOU ARE HELD RESPONSIBLE ONLY FOR YOURSELF

View Video 1

Thou are held responsible only for yourself is an Al Qaeda video featuring Adam Gadahn, aka Azzam the American, promoting "lone wolf" terrorist activity similar to Major Nidal Hasan, the Ft. Hood shooter who murdered 13 soldiers in November 2009. Gadahn states "anyone who has the will" can do it by "taking precautions, working in total secrecy and making use of all the means to do damage to the enemy." Gadahn went on to say "carrying out attacks inside the countries of the trespassing unbelievers has a major role in repelling the enemy...Many of the brothers who came from abroad are now seriously considering returning to the country of the crusaders (U.S.)."

WARNING TO CHRISTIANS

In October 2010, online Jihadist forums published a statement by the Islamic State of Iraq, a creation of Iraqi insurgent groups, warning of potential violence against Christians in Iraq if two Coptic Christian converts to Islam were not released by the Egyptian Coptic church. In November 2010, Islamist terrorists stormed a Catholic Church during Sunday prayers. Over 50 people were killed and dozens were wounded.

On New Year's Eve 2011, a Coptic church in Alexandria, Egypt was bombed resulting in the deaths of 23 worshipers.

WANTED POSTER

This "wanted" poster featuring Pope Benedict XVI, head of the Coptic Christian Church Pope Shenouda III, and two other Christian leaders from the Arab world, was posted on an anti-Coptic blog. The poster refers to Pope Benedict as the "Vatican Criminal." The blog is named for the late Ahmed Deedat, a vociferous Muslim missionary who once challenged Pope John Paul II to a public debate. In recent years, frequent online threats to Christians in the Middle East have been followed by attacks on their houses of worship and murders and mayhem. On New Year's Eve 2011, the Church of the Two Saints in Alexandria, Egypt was bombed killing 23 congregants and wounding nearly 100.

JIHAD AGAINST JEWS AND THE CRUSADERS

Jihad Against Jews and the Crusaders is a Fatwa (religious edict) issued by Osama Bin Laden in 1998 and reprinted in the Ma'arik Islamic Forum in 2010. This Fatwa denounces the US for "occupying" Arab lands and devastating the Iraqi people to serve "the Jews petty state and diverting attention from its occupation of Jerusalem." The Fatwa calls U.S. actions a "clear declaration of war on God, his messenger, and Muslims," and as such "the ruling to kill the Americans and their allies-civilian and military-is an individual duty for every Muslim.

The Enchanter

Theme: **Mormonism** *Now available in Spanish!*

Crusaders Comic Volume 18

The validity of Mormonism stands or falls on the testimony of Joseph Smith. Here is his story, revealing the man for what he really was. Calling himself the "second Muhammad," Smith was an occultic opportunist, fond of the ladies (lots of them!), who blended Masonic rituals into his temple rituals.

The story is a fascinating one, filled with incredible quotes from Smith himself. After people read this illustrated book, they will not be vulnerable to the Mormon recruiters!

DEMONSTRATION + FUNERAL PRAYER FOR SHEIKH USAMAH BIN LADEN (MAY ALLAH HAVE MERCY ON HIM)

Salatul Janazah for Sheikh al-Mujahid Usama bin Muhammad bin Laden outside the American Embassy, 3pm Friday 6th May 2011.

Following the boasts and gloats of the arrogant president Barack Obama that he ordered the murder of 'unarmed' Sheikh Osama bin Laden without trial or consideration of his rights and the shooting and kidnapping of his defenceless wife and son, Muslims around the world are witness to America's utter disregard for fairness or justice.

Indeed since the events of 11th September 2011 when the American president declared they wanted Sheikh Osama bin Laden dead or alive, placing a mercenary's bounty on his head; since they refused to offer evidence of any crime to the Taliban government who was willing to place him on trial; since they invaded, occupied and ransacked Afghanistan, murdering hundreds of thousands innocent Muslim men, women and children – and wounding and displacing millions more - all in the name of fighting Sheikh Osama; since they used chemical weapons and carpet bombing to murder thousands in Fallujah, Baghdad and elsewhere in Iraq; since they kidnapped and rendered thousands of ghost prisoners without any due process, charge or trial; since they tortured thousands more in the dungeons of Guantanamo Bay, Bagram Airbase and Abu Ghuraib - violating and humiliating Muslims at every opportunity; since they sent 'kill teams' to shoot at and run over Muslim children with US tanks in Iraq; since they had great scholars of Islam and callers to Islam held hostage for years, if not tortured or killed without any evidence or crime; since it paid and kept every tyrant dictator from Mubarak to Gaddafi in power for decades, securing US interests with the price of gallons of Muslim blood; it has become obvious to any observer that America has never had any intention of seeking any truth or justice, on the contrary it is responsible for oppression and injustice against Islam and Muslims at every turn.

Capriles Radonski, hijo de Henrique Capriles García, descendiente de una familia de judíos sefardíes de Curacao, y de Mónica Cristina Radonski Bohenek, judía ruso-polaca. Ambas familias ligadas a la oligarquía empresarial del país, entre los que se cuentan, desde medios de comunicación como la Cadena Capriles, industrias y corporaciones del entretenimiento como Cinex, hasta servicios e inmobiliarias.

Capriles Radonski participó en varios cursos en Europa y, por supuesto, en el Imperalismo estadounidense, más específicamente en Columbia University, en Nueva York. Trabajó por cierto tiempo en el sector privado en las firmas Nevett & Mezquita Abogados y en Hoel, Peláez, Castillo & Duque. Ambas firmas vinculadas a los intereses de la burguesía sionista.

Formó parte de la secta paramilitar y fascista llamada Tradición, Familia y Propiedad, donde se practicaban ritos religiosos perversos y se planificaban crímenes selectivos de todo lo que no representara la raza aria nacional y la alta burguesía venezolana. Esta organización era dirigida por Alejandro Peña Dazaña, conocido agente de la CIA.

En 1996, resulta electo diputado por COPEI, Partido Socialcristiano, hijo de una organización fascista religiosa ligada a la falange española llamada Opus Dei, que llegó a Venezuela para echar raíces a principios de los años 50 del siglo XX.

Capriles Radonski participó activamente en el golpe de Estado burgués del 2002, contra la revolución bolivariana, donde junto a su policía de Baruta, fustigó al pueblo revolucionario en una ametrallada fascista, que aunque duró poco, dio muestras de lo que es capaz la burguesía en defensa de sus intereses. El 12 de Abril de 2002, junto a un grupo de maleducados enardecidos, lideró el asalto contra la embajada de Cuba, violentando todas las normas internacionales y poniendo en peligro la vida de las personas que se encontraban en soberano espacio cubano. En diciembre de 2006, el sionista es absuelto por un tribunal de apelaciones.

In February 2012, Radio Nacional de Venezuela, the official radio station of Venezuela, published an editorial called "The Enemy is Zionism, a loser as a promise." The article questioned the qualifications of opposition presidential candidate Henrique Capriles Radonski who is the main candidate seeking to replace President Hugo Chavez in upcoming elections. The article traces the candidate's Jewish roots and despite the fact he is a practicing Catholic unleashes an anti-Semitic diatribe; "this is our enemy, Zionism," it declares, adding that "next October (Venezuelan Presidential elections) there will be two choices for Venezuela, the Bolivarian Revolution...or international Zionism, which threatens to destroy our planet".

AMERICAN CIVIL RIGHTS REVIEW

High Self-Esteem for Many American Slaves

It is presently politically fashionable to depict slavery as a cruel, punishing existence. This possible historical inaccuracy was begun in the 1700's by abolitionist politicians who were against the ownership of human beings on a purely philosophical level. Some of these abolitionists objected to European indentured servitude more than to slavery, but focussed on the slavery concept to increase public awareness of the plight of white indentured servants who were worked longer hours than slaves, because their length of servitude was shorter, between 7-21 years, making their worth to their owner far less. Many of these abolitionists were fearful that slavery and indentured servitude as an economic means to survival was the antithesis of the democratic trend they espoused. Their reasoning, in many cases, lead them to believe that slavery lessened the likelihood that their ideas concerning individual freedom for European indentured servants would be enhanced if it were only extended to Africans as well.

Many of the **Founding Fathers** argued against slavery during the Constitutional Convention in Philadelphia. James Madison's documentary notes on the convention illustrate the depth and passion of the argument. A compromise was reached which disallowed further importation of slaves after 1820 and accounted each slave as 3/5ths of a person in terms of the census to determine the number of Representatives to the House of Representatives to be elected for each state.

In the **Currier & Ives** picture above, the typical American Ideal of slavery is depicted. Here, the plantation is viewed as a sanitary, happy, and humane place where the slaves and slave owners are seen together, indicating a trust and democratic idealism existing between slave and owners, a relationship not unlike those between workers and managers today, one which is totally conducive to productive work, self-esteem, and the likelihood that each slave would be treated humanely and respectfully.

Idyllic Views of American Slavery*Owner & Slave Viewed in Egalitarian Aspect**Who Would Not Want To Work in Such A Beautiful Setting?*

Notice how the artist has painted the slaves in relaxed positions. They are barely bent over in the fields, a convention by the artist to indicate that the labor itself was not difficult. The bales of cotton in the foreground indicate that the labor was benefitting all people, even the slaves, since their mostly white garments are themselves the final product of their own labor.

Were the slaves mistreated? Sometimes, but most probably no more than were other workers including whites. Europeans sometimes were given the hardest jobs, because slaves were "owned for a lifetime" unless their slavery was manumitted, or withdrawn by legal contract by the owner, for loyalty of service. Because a slave represented a lifetime of labor and hired persons represented only a few months of work, or in the matter of white indentured servitude about 21 years of labor to pay for their expensive and dangerous trip on tossing and often old, dangerous wooden ships from England to America, the whites were often worked much harder and at more dangerous tasks such as mining.

Were slaves whipped? Everyone in America during the years of 1500-1900 were whipped for crimes, bad behavior, military desertion, vandalism, or other social dysfunctional behavior. African Americans today do not understand that whipping was the preferred method of punishment, in most part, because the colonies were not wealthy enough to incarcerate criminals. The whip and the stock were prime methods for all wayward colonists, and whipping was therefore an equal opportunity measure not really associated with slavery as it is today.

Many of our conceptual ideas of slavery are perhaps more negative than is necessary and may represent a political focus at differing moments of American History including the present moment and as such is a concept helpful to modern liberals and leftist social engineers who wish to perpetuate "the myth of demonization of slaveowners" in the same way that some of them tend to also demonize all authority figures including modern corporate executives who also employ people on a regular basis.

The goal of P.A.G.A.N is to show gays that we are not okay with them pushing their sexuality on the straight people of the world. We will stand up and fight for straight rights world wide. It is not something we want our kids seeing or learning about. We also want there to stop promoting their gay lifestyle through parade marriages and other gay propaganda. We intend to stand and fight for the Citizenship of gays and lesbians. We will not tolerate having to watch, listen and be persecuted for being heterosexual male and females. Homosexuality is against the laws of nature and god and therefore has no place in society. We will exercise every option available to us and protect our way of life. We will do what ever is necessary to put an end to the attack on straight men and women. We will not stand idle any longer while they corrupt decent men and women and children by forcing their way of life on us. This is your choice of a life style not ours. therefore they should not and will not disrupt the public anymore with their IDB, this is the life style they choose, not us. they will no longer push this filthy life style on decent people of the world without a fight. We intend to bring in new laws that will help censor this life style from children and make it so that the Gay community has to stay with in itself

Introduction

This portion of the Death Camps tour looks at the history of holocaust. By comparing Germany's Nazi holocaust and America's abortion holocaust you'll see there is practically no difference between the mindset of holocaust then and now. As with slavery in early America, killing Jews in Nazi Germany, or killing babies in America today – just because something is legal does not make it right. So how do you get a country to allow humans to be treated worse than animals? You use euphemisms to convince people that these actions are justifiable, or even beneficial.

Abortion advocates and America's largest Death Camp operator, Planned Parenthood, have elevated the dehumanization of holocaust victims to an art form with their 'pro-choice' rhetoric. But those who side with the pro-choice crowd may be shocked by the racial slurs and elitist ideals of Planned Parenthood's celebrated founder, Margaret Sanger. As you'll see, her words and goals bear an eerie similarity to the words and ideas of the Nazis. Let's begin by looking at the famous Nazi Death Camp doctor who graduated from killing Jews to killing babies.

[The Angel of Death >>](#)

American Death Camps is a site that compares the Nazi Holocaust to abortion. While there may be differing opinions on the morality of abortion, the use of the Holocaust, in which millions of people were murdered, is a false analogy and one of comparisons today in which Holocaust imagery is exploited for political purposes.

HOME ABOUT GARY HUNT COPYRIGHT NOTICE

About Gary Hunt

Gary Hunt was a Professional Land Surveyor. Having been the County Surveyor for Orange County, Florida from 1974 to 1976, he began private practice in 1978 and continued as such until 1993, when events in Waco, Texas caused him to leave his business in pursuit of restoring the Constitution.

In 1993, he began researching, investigating and studying history, law and events where the government was "going it's own way in the wrong direction". He began publishing a patriot newspaper, "Outpost of Freedom", in February 1993.

Since that time, he has investigated numerous occurrences, including, Waco, the Murder of Michael H. Hill, Ohio Willie Chapman, Oklahoma City Bombing, and other events. He has abandoned the idea to investigate the events, and has reported on his investigations.

He also writes articles about history, the government's misdeeds, and, other subjects appropriate to the Patriot community.

He has continued to report on his findings through fax networking and the Internet.

His Internet home page is <http://www.outpost-of-freedom.com>

Jurisdiction

The authority given by law to a court to try cases and rule on legal matters within a particular geographic area and/or over certain types of legal cases.

It is vital to determine before a lawsuit is filed which court has jurisdiction. State courts have jurisdiction over matters within that state, and different levels of courts have jurisdiction over lawsuits involving different amounts of money.

Jurisdiction in the courts of a particular state may be determined by the location of real property in a state (in rem jurisdiction), or whether the parties are located within the state (in personam jurisdiction).

NATIVES. All persons born within the jurisdiction of the United States, are considered as natives.

Ko Hawaii Pae Aina is a separatist group that claims that Hawaii is illegally joined to the United States, and that the US government has no jurisdiction over Hawaiians who it says belong to an independent kingdom. Members of the group were accused of fraud for selling bonds and titles to property that it didn't own.

HOW CAN WE TAKE ADVANTAGE?

كيف نستفيد من الثورات في وحدة الشعوب

بسم الله الرحمن الرحيم

كيف نستفيد من الثورات في وحدة الشعوب

الحمد لله رب العالمين والصلاة والسلام على رسوله الكريم وآله..... ثم أما بعد

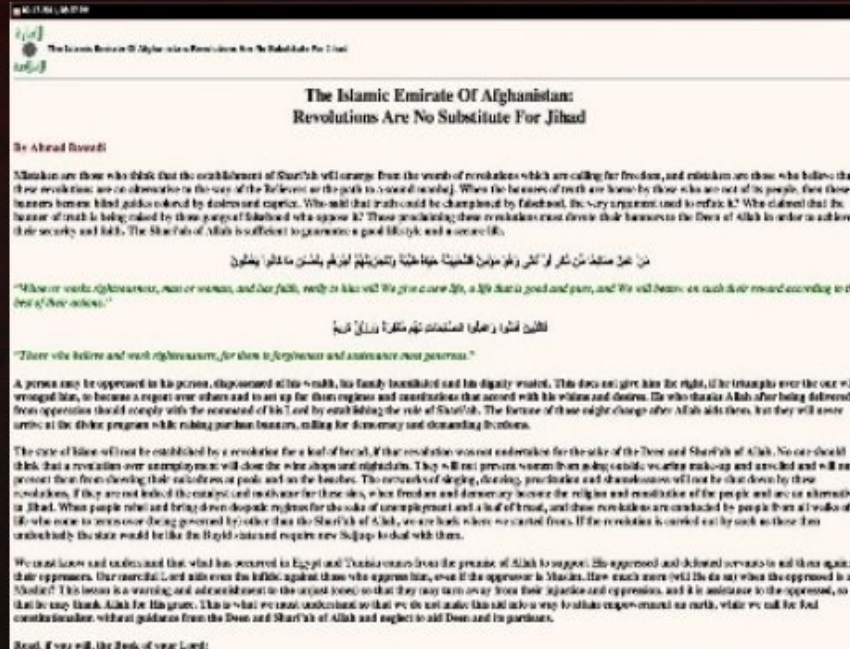

قال صلى الله عليه وسلم (تكون النبوة فيكم ما شاء الله أن تكون ثم يرفعها الله إذا شاء أن يرفعها ثم تكون خلافة على منهاج النبوة فتكون ما شاء الله أن تكون ثم يرفعها الله إذا شاء أن يرفعها ثم تكون ملكا عاضا فيكون ما شاء الله أن تكون ثم يرفعها الله إذا شاء أن يرفعها ثم يكون ملكا جبريا فتكون ما شاء الله أن تكون ثم يرفعها إذا شاء أن يرفعها ثم تكون

The author of this Arabic-language posting from the As-Ansar Forum analyzes how Islamists can take advantage of the unrest created by the "Arab Spring" and the death of Osama bin Laden. He maintains the instability of these situations is good for Muslims, stating that people will eventually "lose their trust in the new unstable governments." This instability "has brought a timid and fragile voice supporting Islam in some way"; at the same time infidel countries "paint a dark and ugly picture of Islam and depict all Muslims as suicide fighters." He concludes that Muslims must be prepared to "sacrifice everything needed." They also need to create a popular "Jihad front", convince women to play an active role, and treat relations with the West as they would with "the enemies of Allah."

REVOLUTIONS ARE NO SUBSTITUTE FOR JIHAD

This statement, released by the Islamic Emirate of Afghanistan during the "Arab Spring," states "mistaken are those who think that the establishment of Shariah (Islamic law) will emerge from the womb of revolutions that are calling for freedom." It continues by saying "the state of Islam will not be established by a revolution for a loaf of bread, if that revolution was not undertaken for the sake of the Deen (the path or the authority of Islam) and the Shariah of Allah...what has occurred in Egypt and Tunisia comes from the promise of Allah to support His oppressed and defeated servants to aid them against their oppressors."

Other leading Islamists issued fatwas declaring that it would be wrong from an Islamic perspective to participate in elections even though early results in Egypt and Tunisia were dominated by Islamist parties.

IS IT PERMISSIBLE TO TAKE PART IN THE EGYPTIAN ELECTIONS?

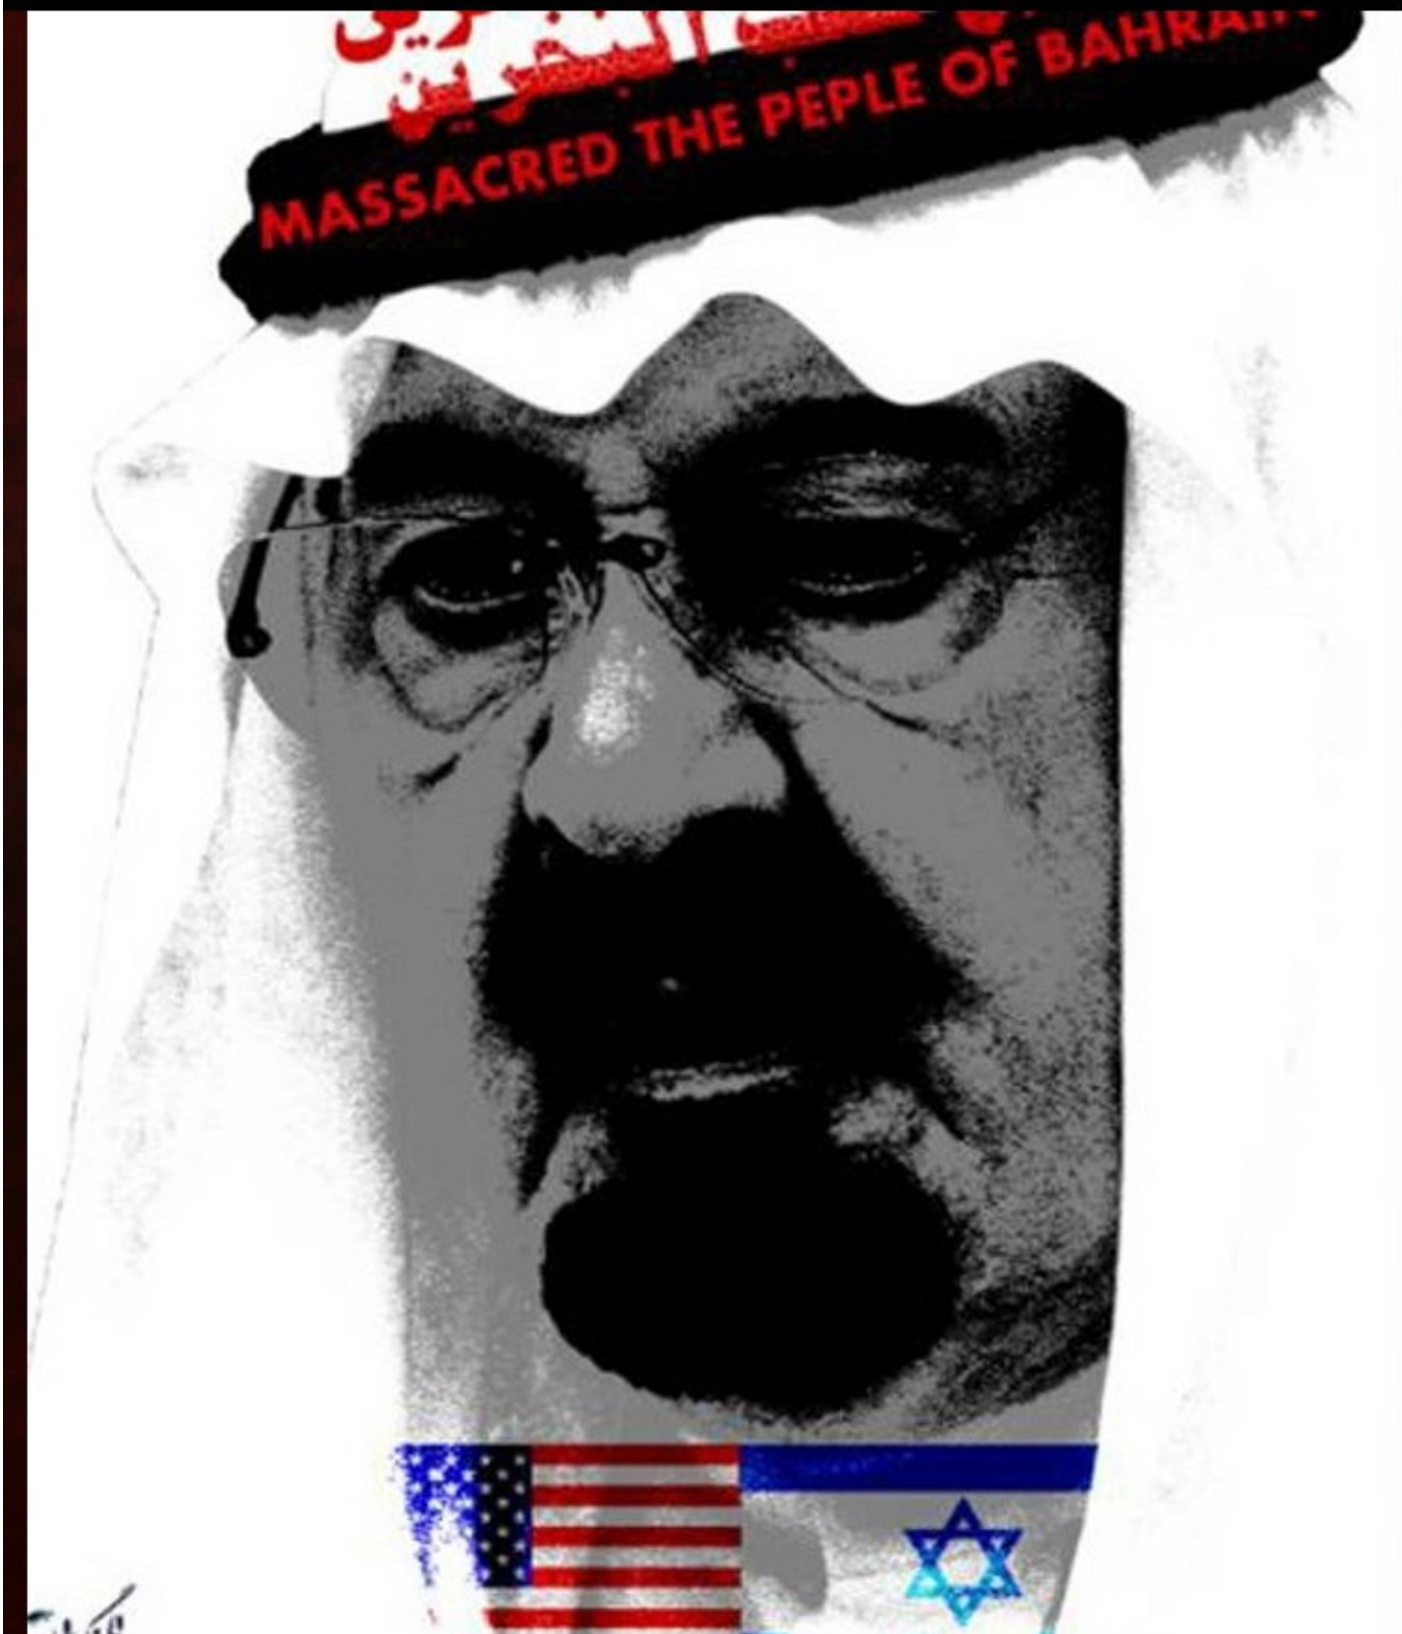

This Fatwa addresses a question posed to the site Pulpit of Monotheism and Jihad: Whether it was permissible to take part in the Egyptian elections following the "Arab Spring" uprisings in 2011. The answer was very clear: "Entering into the Democratic system is like entering into a polytheistic governing system and there is nothing worse than polytheism. It is not permissible to use secular tools which hold the 'will of the people' and the 'law of man' to be of value, while trying, at the same time, to strive towards the triumph of Allah's faith and Islamic values. In conclusion, the end does not justify the means." Both major Islamic groups, the Muslim Brotherhood and Salafists disagreed and together garnered well over 50% of the votes.

Fri follow a course correction in Cairo, September 9 .. Embassy of the entity under siege

Data on Friday ..

Front of the popular will (calculated on the front of the Islamic Salafi movement), the press conference that took place yesterday evening.

In the name of God the Merciful, and after

Front called the popular will of all political forces to participate in a news conference to rally support and interoperability to support the demands of the revolution to take part in this conference all the political forces that support these demands, whether the forces that will participate on Fri 9-9, or those that would refrain from participation.

The conference aims to show the almost complete consensus in the positions of national political forces of the revolution and the demands of their determination to achieve them, especially the transfer of responsibility for managing the country – at the earliest opportunity – to the elected civilian authority.

Applications and interoperability, which we consider crucial to the success of our revolution, are:

1. Immediate cessation of all military trials of civilians and the transfer of defendants to their natural judge.
2. Commitment to a timetable to hand over management of the affairs of the country to elected civilian authority, according to the results of a referendum on March 19, especially after the expiry of six months promised by the junta.
3. Take decisive action to reset the security in the Egyptian street and eliminate the phenomenon of bullying.
4. Amending the election law to ensure the people's councils not to produce counterfeit or enable powerful tribal feuds and financial control of the council without any delay for the specific dates for the elections.
5. Abolition of repressive law, which criminalizes the strikes and sit-ins.
6. Activate the necessary laws to implement the political isolation of the leaders and symbols of the dissolved National Party (which proved to be spoilers of the political and economic life).
7. Activation of the minimum and maximum wage (to reduce factional demands and contribute to economic stability).
8. Enforce the will of the people and not to circumvent them in any way.
